

## SHARING OF EFFORT BETWEEN REGIONS

WBS CHAPTER	STATUS	LEAD REGION
1.7.1.1 Civil engineering underground	Site dependent	Each region
1.7.1.2 Civil engineering surface and site development	Site dependent	Each region
1.7.2 Electrical Equipment	Site dependent	Europe
1.7.3 Air Treatment Equipment	Site independent	Americas
1.7.4 Piped Utilities	Site independent	Americas
1.7.5 Process Cooling Water	Site independent	Americas
1.7.6 Handling Equipment	Site dependent	Europe
1.7.7 Safety Equipment	Site independent*	Asia
1.7.8 Survey and Alignment	Site independent	Europe

TESLA : Technical Design (details) to be taken into account ?

ITER : methodology for costing to be taken into account ?

\* Based on common safety requirements in accordance with standards in the 3 regions
